

INSIDE Secure Named Finalist in Info Security Products Guide's 11th Annual 2015 Global Excellence Awards

INSIDE Secure Brings New Security Innovations to Mobile, Payments, Internet of Things and other Key Markets

Aix-en-Provence, France, March 17th, 2015 – INSIDE Secure (Euronext Paris: INSD), a leader in embedded security solutions for mobile and connected devices, today announced that Info Security Products Guide, the industry's leading information security research and advisory guide, has named the company finalist for the 11th Annual 2015 Global Excellence Awards in the Most Innovative Company of the Year (Security) Category. These prestigious global awards recognize security and IT vendors with advanced, groundbreaking products and solutions that are helping set the bar higher for others in all areas of security and technologies. Winners will be honored in San Francisco on April 20, 2015 during the annual awards dinner and presentation.

"INSIDE's mission is to fundamentally re-shape the industry's approach to security in response to today's 'Internet of Everything', where billions of devices must be trusted. INSIDE Secure recognizes the world of security is changing and the time has come to enhance existing security models," said Rémy de Tonnac, CEO of INSIDE Secure. "We are proud to be acknowledged as an industry player whose innovative security solutions have been recognized by Info Security Products Guide as we deliver trusted solutions to our growing customer base."

INSIDE Secure designs, develops and sells embedded security systems for smartphones, tablets, and other devices connected to the Internet, in order to protect transactions, content, and communications. [Recently named 2014 European Frost & Sullivan Company of the Year](#), INSIDE Secure is the only market player simultaneously offering hardware-only-based solutions (based on secure microcontrollers), software-only-based solutions, and a combination of both hardware and software, in addition to a broad intellectual property solutions portfolio, thereby addressing a full range of security solutions.
